

Green Key

Thank you for choosing a Green Key certified accommodation!

WHAT WE PROMISE TO DO

WHAT YOU CAN DO

BUY LOCAL

We use locally produced and organic ingredients, products and services. We mark them clearly so it is easy for you to notice them. Our aim is to strengthen the local economy with our choices.

Taste, discover, and become delighted by local delicacies. As souvenirs, choose products that are connected with the local economy and culture. Visit local sights and try activities offered in the area.

SAVE ENERGY AND WATER

We are regularly monitoring our energy and water consumption and constantly seeking ways to use resources more efficiently. When possible, we use renewable energy.

Always close the tap when you don't need the water to run. Don't leave windows open for a long time. Use the same towel for several days. Switch off lights and electrical appliances when leaving the room.

REDUCE WASTE AND RECYCLE

We keep track of the amount of waste we produce, and constantly strive to reduce the share of mixed waste by better sorting and recycling. We monitor and aim to diminish the quantity of food waste left over.

Take only what you can eat on your plate. Sort your own waste in the bins provided either in your room or at our recycling point. Leave dangerous waste on your room table or at the reception.

USE ECO LABELLED DETERGENTS

We only have eco-labelled detergents and tissue papers in our daily use. By following dosage instructions, we decrease the accumulation of chemicals in the environment.

Use washing and cosmetic products sparingly. Don't pour any dangerous chemicals down the drain. Instead, when needed, leave them on your room table or bring them to the reception.

AIM TO DO BETTER

We are committed to continuously improving our knowhow on all aspects of sustainability. We regularly train our staff in this field and tell our guests about the improvements we make.

Ask questions, comment and give feedback on our sustainability work. Tell us what we could do better. Tell others when we have done well.
